

***This program was postponed earlier
and is being offered now in cooperation
with the Squires as part of their lecture
series. It is now being offered as a
FREE PROGRAM
for all registrants.***

Rescheduled

TICK TALK
with
**"VOICES AGAINST
LYME DISEASE"**

Bonnie Waterhouse, Founder & President
Fred Grilli, Prevention Director

FRIDAY, APRIL 20, 10:00, ROOM 212

Whether CT had a snowy winter or a warm one, you can bet that the ticks have found their way back into our yards and our lives as early as this month. Please join "Voices Against Lyme Disease CT", a nonprofit organization based in Windsor, for this adult education program on tick prevention, awareness and to learn about the possible symptoms that adults and children may experience. This organization offers programs to Windsor and the surrounding CT communities regarding this epidemic now facing New England, the country and the world
